BUILDERS BID ON BIG SHIPS.**Cramps Lowest for Wyoming and Arkansas.****Largest Vessels Undertaken for American Navy.****To Cost Six Millions and Make High Speed.**

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 18.—Bids for the construction of two more American dreadnaughts, the Wyoming and the Arkansas, authorized by Congress, were opened in the presence of numerous representatives of shipbuilding firms at the Navy Department today.

These vessels are to cost \$6,000,000 each, exclusive of their armor and armament, and are to make a high record of speed.

The vessels are to be of 26,000 tons each, the largest ever undertaken by the American shipbuilding establishment, the increase in tonnage in this class of vessels being from 20,000, the size of the original dreadnaught, the Delaware and North Dakota.

The Utah, now under construction by the New York Shipbuilding Company, and the Florida, now being built at the New York navy yards, are the two remaining dreadnaughts, their tonnage being 22,000.

William Cramp & Sons of Philadelphia were the lowest bidders for constructing the Wyoming and Arkansas.

They submitted two bids, one at \$4,450,000 and another at \$4,475,000.

Only one ship can go, however, to any firm of builders.

The New York Shipbuilding Company of Camden, N. J., made the next lowest bid, \$4,675,000.

The Bethlehem Steel Company, the Carnegie Company, and the Midvale Steel Company, submitted today to the Navy Department identical bids for furnishing the main portions of the armor of the Wyoming and Arkansas. Their figures were for class A, \$420 a ton and \$11,400 tons.

For the other classes, amounting in all to about 1800 tons, the bids varied.

Gambling Outfits from French Lick and West Baden, Ind., Worth \$30,000, Burned.

[BY DIRECT WIRE TO THE TIMES.]

FACET, (Ind.), Aug. 18.—[Exclusive Dispatch.] The gambling paraphernalia from the casinos of Tom Taggart at French Lick and Lee Sinclair at West Baden, seized three years ago in a raid conducted by the State, was publicly burned here this morning, the event being watched by nearly 2000 people, including many women and children. The outfit was valued at \$30,000, and was the outfit of two of the best equipped gambling-rooms in the country.

Nearly three years ago, Gov. Hanley ordered a raid on the two casinos, and all the apparatus was taken away, to be held by the officers under the gambling laws. Before it could be moved several roulette wheels were stolen and traced to the hills around French Lick.

PITH OF THE NEWS FROM OUT THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 18.—[Exclusive Dispatch.] The stifling heat that has held Chicago and other cities in the Middle Western section of the country in its grasp for the last two weeks, let up a bit today, and fairly comfortable weather was enjoyed. A stiff breeze from across the lake cooled things off wonderfully. The maximum temperature was 77 deg., with a minimum of 65. Middle West temperatures:

TOLEDO (O.) Aug. 18.—Barbara Weiss, mentally unbalanced, is in custody here while the police are grappling with the mystery of her identity. The only clue the police have is her statement that she for many years sang in All Souls Church in Chicago. In support of this she stood in the infirmary office and sang. The purity of the tones and strength of her voice surprised the directors. She was sitting on the courthouse lawn, eating grass, when the police found her. She appeared here last evening and was provided with transportation to Erie, Pa., but she returned.

ATLANTA (Ga.) Aug. 18.—(Teleg. Dispatch.) Declaring that he had become infatuated with Jack Horner, formerly Miss D. Emerson of Baltimore, and now in J. H. McVicks of New York, he had insisted that she receive his guest in her house, Mrs. Cora L. Hanson, president of the Georgia Central Railroad, cotton mill owner and capitalist.

Incidental to his request to receive Mrs. Horner in her home, plaintiff alleges that she had told him that her husband called her "shock his finger in her face so she had to run toward the wall to hide him, gave the management of their household to Mrs. Garrett, of her daughter; that servants ordered to obey the daughter, and that another daughter's protest, Rosa White of California, whom he call "Pan." Mrs. Garrett three glasses of water in her face.

Mrs. Hanson declared that she in such fear of her husband that often slept in the bathroom with a single covering. She repeatedly refused to open her home to Mrs. Horner, she said, and her husband, becoming angry, threatened to sue her and go to Europe.

During the year 1907 he became greatly infatuated, according to Mrs. Hanson, with one Mrs. M. Morrow, of Atlanta, Ga., and months was very assiduous in his attentions, both in private and in public, and in the course of his continual and notorious divorce proceedings, Mrs. Horner and her husband were pending in the Superior Court.

When her husband requested her to invite Mrs. Horner to her home, she refused to accede to the request of her husband, who knew that his wife was ready the subject of a great and growing scandal, and that she with whom he would make disgraceful ruin to her husband and entire family. The pecular and terrible degradation and humiliations it would mean for herself."

WATCHMAN SHOWS COURAGE

Grebe Revolver Belonging to Robber and Keeps Them from Breaking Safes.

ASSOCIATED PRESS NIGHT REPORTER

COLORADO SPRINGS (Colo.) Aug. 18.—The nerve and quickness of M. Morrow, night watchman at the Cliff House, at Manitou, proved save the valuable of many men and may cost Edward Clark, of the city, his life.

Early this morning, Clark, a company with Peter Webster, went to Salt Lake, went to Mammoth and, at the point of a revolver, forced him to accompany them to hotel office, where they demanded he open the safe.

One of the robbers laid his hand on the neck of the man, sincerely, L. J. MURKIN.

ANOTHER NOBLE HELPER

Another most devoted helper of David Boardman is Mrs. Frost of Howard street, who has been indefatigable in her effort to get coupons and subscriptions to be voted in favor of David. One of the ladies who has been interested in David by Mrs. Frost pays her the following tribute:

"Mrs. Frost certainly deserves a vast amount of credit for her kind and service to David Boardman during this contest. She has worked very faithfully early and late, and has been successful in getting subscriptions and coupons. He should be very grateful to her for it and no doubt does if he knows it. I only think he does not. I requested her to put her name on the coupons, so David would know who sent them, but she said, 'Oh, no. I am not doing this for credit, but just to see the boy get credit for his work in preserving and protecting it. My credit is the pleasure I get helping him.'

OTHERS OF SAME KIND.

Among many others who have helped David with subscriptions and coupons and kind words of encouragement are the following:

Mrs. Ella Sayles, No. 275 Fairmount street, writes: "Please find inclosed forty-three coupons and subscription for half a year in favor of David Boardman. Hoping to see him among the first in the heart of the young breed-winner."

Others who have given subscriptions to Miss Frost are the following:

Mildred Albers, East San Gabriel; Mrs. J. A. Harrison, city; Mary McHugh, South Pasadena.

Gathering 'Em in.

At the directorate meeting of the Chamber of Commerce yesterday, the following were admitted without opposition: Louis A. Beckel, building materials; Dr. C. William Bachmann, dentist; L. B. French, speculator; John C. Hyde, plumbing and general merchandise; Everett E. Hall real estate; E. H. Kronick, contractor; G. Miller, real estate; J. F. Baltimore, president Talbert & White, window shades.

Want Their Own City.

Residents of that section just west of the Los Angeles city limits, west of Arlington street, in the vicinity of sixteenth street, are up in arms over the water rates. Tonight they will hold a mass meeting at Arlington, to take the first steps for the organization of their own municipality. They will prepare a petition to the supervisors for incorporation of the territory as a city of the sixth class.

Good Roads Advisory Meeting.

Though the Advisory Committee still refused to read or discuss measures submitted to it by the Board of Supervisors, its members expressed much dissatisfaction yesterday at the appointment of E. A. DeCamp, as right-of-way agent for the Highway Commission. President Butler of the committee characterized the action as a waste of money. Butler admitted that the Advisory Committee will not take any notice of matters referred to it by the Supervisors, upon the ground that such reference is not within its original plan. The committee will meet at 10 o'clock this afternoon to discuss plans for putting a check upon the operations of the Supervisors.

BREVITIES.

To "Liner" Advertisers: Dating from June 1st, classified advertising in the Times will be charged by the word at the present rate of 10c per word in the daily issue and 14c per Sunday. Close calculations covering a period of several months develop the fact that the average number of words in the line are a fraction over seven. That will be the rate for all classified advertising after June 1st. Cash "want" advertising has always been calculated by the word, and this regulation will not change the manner of handling the present "want" ad rates. The offer for words year though the circulation of the paper, now more than 50,000 daily and 50,000 Sundays, has trebled during this period. No paper in the country can be compared with The Times in "want" ad service. The Times-Mirror Company.

Remember the slogan: "Buy and Boot Home Products." For daily news see page 1, Part II, of the Times, containing list of wide-waive manufacturers, under the heading "Made in Southern California." You will find there are manufacturers of all kinds of articles, including manufacturers of things to eat and drink, things for the home, the factory, the office and the farm. Buy them! Try them! There are none better. Buy and Boot, and keep your money at work, and it will do you and your family well.

HOROSCOPE.
Thursday, August 19, 1909.
BY CONTE.

Mars, Rambunctious with fire, burns that work with him. This is the 23rd day of the year and the 13th in a square. Mars is in evil position, threatening quarrels, violent deeds, rash actions, and from carelessness with fire, water, sharp instruments and moving vehicles or machinery.

The martial planet affects most those who are timid or pusillanimous. The old sign of Mars finds quietest him who flees, who stands.

Firmness and courage are under the sign today, but every one must study to exercise vigilance, care and keep a curb on tongue and pen.

Venus favors women, indicating good from shopping, entertainments, cooking, household matters generally.

A good sign is set over bakers, confectioners and fruit sellers.

The signs of the day favor those with vocal, cheerful natures and give them influence. They should use the power of the mate hours to enliven and encourage those affected or morose.

There is promise of alleviation or help those who are ill.

Employés will do well not to stand on arrival persons' dignity today, but do cheerfully tasks that do not come within the line of duty, if they present themselves.

Artificers, typewriters, telegraph and telephone operators, engineers, motormen, machine and mill workers should find this a propitious day.

The persons whose birthday this is may over-indulgence in social gayety of the place the appetite during the twelvemonth. God is coming from a place now unexpected.

Children are born under a sign that indicates independence of opinion amounting to some of all accepted beliefs if not wisely directed.

INDUSTRIAL PROGRESS.

Cotton Industry Prospering.
The New England cotton mills are experiencing a much demand for products that the custom and vacation of employees are being reduced. Additional work is being made to the mills in Fall River, Taunton and New Bedford, Mass. Company advertising that when its additional completed it will have a yarn capacity of 800,000 per week, or 40,000,000 pounds per year, for 120,000 bales of cotton will be required.

Mine Ouncerts.
C. W. Wright, who is attending the state, states that the miners are in a favorable condition and would like to be paid more. The miners explained that Vernon, his name, tied behind him, was to be hanged in the play, due to the machinations of the villain, the bandit on the stage, who was standing on the part of the stage, started, gave way and fell with a fearful jolt.

He was supposed to arrive in "pick of time" (whatever that means) about the top of the stage, and the here. When he received the bullet it was, to be severed. But how a hero have a hero who was falling off a barrel? The girl was to do the miners had to stop the job and a real ambulance was to the actor, who could not be saved from hanging because he was to the barrel.

That part will you next enact?"

"I think I would like to play the role of the Dorn-Sudermann type that would keep me safe for three acts. How I might have to die at that, if part of the role, was the close of the victim of fate, or to be turned out to let a examine his bandages.

Letters to the Times.
"I have only written the views of our countrymen in South America and in Northern Europe. A company is formed to exploit the product, which is a lubricant, also in the preparation of certain records used by phonographs are from the unrefined product.

Supply of Chilean Nitrate.

Users of nitrate need have no fear of a reduction of supply. According to the Chamber of Commerce official statistics there has been a reduction of 20,000 short tons, and during the end of the year exports have been at the rate of a little over 2,000,000 tons per year. At the same time there were lands in private hands whose contents amounted to 112,000,000 tons. The amount holds for future mining lands which are estimated, containing over 16,000,000 tons, and above this there are 250 Bolivian tons, with the Chilean government's share of 1514 square miles of nitrate lands, whose contents are unknown, but still form a reserve of nitrate which will sooner or later enter the market.

There still remain the tracts of land which were never ceded by the government of Peru, Bolivia or Chile prior to the date of the sale of possession of the deposits. Improved methods of treating the nitrate will make available large quantities of material which in the past has been

left in the unrefined product.

Mill Much Lumber.

There is a good deal of standing lumber in Oregon, according to a Portland company, which are now standing in the state, but 100,000,000 feet of merchantable timber, if converted into money at the rate of a thousand, would bring a revenue of \$1,000,000. Approximately 2,500,000,000 feet of lumber are cut from the Oregon forests each year, and the timber would last 120 years. The densely timbered country of Oregon lies in the Cascade Mountains and the Pacific Northwest.

The climate has the necessary humidity and luxuriant development of other plant life. The standing timber of Oregon is one-sixth of all the timber in the United States. On the west side of the state are standing fully 240,000,000,000 feet of lumber, approximately two-fifths of all the timber in the United States. Not a few of the smaller townships average 60,000,000 feet, sometimes running as high as 150,000,000.

The output of sawed lumber in the state is now worth annually about \$30,000,000. The additional products of lumber such as poles and cordwood, lumber such as shingles, etc., are worth \$10,000,000. There are approximately 40,000 employed in the industry, the payroll of \$20,000,000 annually. There are in

12,000 sawmills.

THE ROUND.

At sunset smiles on sunrise; East and West meet face to face in heaven; before the sunset from the springs of the dawn civilization renew and transfigures the West.

From the depths of the sunset the light of the sun kindles the broad sea's breast, and the lands and the skies and the world are glad of the day's and the night's work.

—[Swinburne, "East to

the West."]

SHE AND HER SWEETHEART
SENT OUT OF HANFORD.

Maid, in Tears, Declares She Will

SPECIAL CORRESPONDENCE OF THE TIMES.]

HANFORD, Aug. 17.—"I love him
and intend to marry him as soon as I
can," sobbed Jessie Carr, an American
girl, as she and Harry Joe, her Chinese
lover, were sent out of town on
an afternoon train today. The girl
says her age is 15 years and gave
Coatings as her home. The Chinese
from the same place. He was neatly
dressed when he was given a room
at a local lodging-house today. The
girl joined him later in the apartment
and others called to investigate.
No charge could be brought against
the pair so they were deported. They
gave Oakland as their destination and
the girl declared that she would wed there.

The Trustees of Lemoore last night
drew a petition signed by 105
citizens praying for the closing of
the saloons of that city on Sundays.
In pleading their cause the leaders of
the movement averred that, by virtue
of being the only "wet" spot in Kings
county on the Sabbath, Lemoore had
become the rendezvous of the "thirsty
out" of Hanford and other towns.
The petition was signed for some
weeks and the board decided
that the showing made by the petitioners

here for trial.

WOMAN FINED.

"I was angry and did not realize
what I was saying." Mrs. N. H. Bla-
lock of West Seventh street today told
Recorder Camp when she appeared to
answer to a charge of disturbing the
peace by using vile language. She paid
a \$20 fine.

PASADENA.

MAYOR EARLEY IS INSULTED.

Citizens' Committee Sends Startling Letter.

Accuses Him of Acting for His Own Interests.

New Board to Study Water Ownership Problem.

Office of The Times, No. 32 E. Raymond Ave.

PASADENA, Aug. 12—Ignoring the Citizens' Committee, whose assistance he vainly invited and encouraged for three long months, and which has insulted him, Mayor Earley will now seek a committee of prominent citizens with power to formulate a program for the municipal ownership of water.

The body will be practically unlimited, and will organize with a president, secretary and board of directors. Its membership may be added to from time to time. It will represent the body politic of the city, and will formulate and institute a campaign that will eventually be left in the hands of a committee of citizens, experts of the various phases of the undertaking, who, in turn, will prepare a report to be presented to the people as basis for a bond election to take over the local plants and provide for the increase of Pasadena's water supply.

This action was definitely settled upon last evening as a result of a startling letter addressed to the Mayor by the so-called Citizens' Committee.

The committee daily charges the Mayor with working for his "individual interests" rather than his "official interests," and with serving the stockholders of the water companies "in their own best interest." Instead of endeavoring to obtain for the city the best bargain to be had in case it becomes necessary for the city to buy the plants.

The letter charges that members of the committee who withdrew were traitors, and says that the attempt to buy the plants is a stock-jobbing proposition, promoted by speculators.

The communication opens with an accusation that Mayor Earley "assumes" that he had closed the negotiations. The committee claims the distinction of having called all negotiations.

The Mayor is then strongly censured for having withdrawn with E. H. Lockwood, William Thim, George Kornegher, his last letter to the committee. In response to this the Mayor said, yesterday:

"I am always willing to talk over any matter with any man at any time."

It appears that prior to the sending of his last letter, conferences were held with the three men mentioned and with two editors of local newspapers.

The letter asserts that the Mayor failed to entrap the committee by his scheme, that delay has not been material as there can not be a demand for water until November, and that the Mayor contributed in part to this delay by going on a ten-day vacation; that he had no right to talk with individual members of the committee regarding the scheme; that the newspapermen concerned the true interests of the people; that the stock of the water companies "is to be bought" is owned by speculators; and that the plants of the three companies are inadequate and antiquated.

The communication concludes with this statement: "Had you, instead, frankly and unconditionally accepted our offers, a long step would have been taken toward real municipal ownership of the water companies."

"That is just the point," said the Mayor. "That committed demanded an unconditional surrender on my part. I offered it every thing it asked and begged, added a few little suggestions of my own, which made acceptance other than an unconditional surrender. It would behead me—if it could," he added with a confident smile.

There were five men who stood out from the committee when the letter prior to this one was prepared. Seven more members refused to attend the meeting at which the last letter was adopted and the Citizens' Committee was formed.

"If I had not walked out of the other meeting, I certainly would have been compelled to do so by fairness at the last one, for I never could lend myself to such a letter as the one sent to Mayor Earley, today," said Kornegher.

RUNAWAYS CONFESSION.

The automobile which ran into the carriage of Josiah Standing Tuesday, damaging the vehicle and injuring Mrs. Standing, belonged to O. H. Kendall.

The two men who drove away in the machine, and were trying to offer assistance, are Kendall's chauffeur, Bert Greeley, and his brother, Lewis. Bert reported to the police, early yesterday morning. Kendall will pay for the repair of the carriage.

"I could not have been compelled to do so by fairness at the last one, for I never could lend myself to such a letter as the one sent to Mayor Earley, today," said Kornegher.

FIGHTING SUNSET.

The allied municipal legal forces of Pasadena, Los Angeles and Pomona, and a committee of the Los Angeles County Municipalities in giving publicity to the facts in the legal battle with the Sunset Telephone Company.

The city's viewpoint will be presented at the meeting of the league in New York, and the committee will combat the work of the Sun set, which has been spreading broadsheet copies of the recent decision of the Circuit Court of Appeals in the Pomona case.

Pasadena's next move will be to demand from the company a statement showing all poles owned by it here, their location and the character of wires carried. The Council desires to know exactly to what extent these poles are doing interstate business by carrying interstate wires.

ADMISSION CLAIMS.

All Delbours, who says he has served in many naval battles, is a son of a famous Spanish family; an artist of no mean ability and a writer in twelve languages, of which he speaks nine fluently, was arraigned in court yesterday charged with embezzlement.

It is asserted that he stole twenty-two paint brushes and two calcimine brushes from N. P. Cummings.

In court Delbours said he enlisted as a private in the French army when he was 16 years old, serving in Algeria; that he followed in the footsteps of his father in China, Siam and Java and that, at the beginning of the Spanish-American War, he enlisted in the United States army and was assigned to Battery B. He asserted that he acted as color bearer to Gen. Nelson A. Miles in the Philippines.

Delbours asked for a jury trial and

the case was set for Friday. Bail was fixed at \$100 and as he did not have this amount, he was remanded to the custody of the Sheriff.

STEALS BANK.

The persistent north side burglar entered the residence of John Abbe at No. 53 North Orange Avenue sometime between 8 o'clock Tuesday night and the early hours of Wednesday morning, and stole a savings bank containing \$10.

Wednesday William Cox, carrier on a paper route, gave the broken bank a trial on the corner of Orange Grove and Los Robles avenues and was surprised to see a \$10 gold piece roll out of it. The bank had been broken by the burglar. It was from the Union Bank and was numbered 84.

For the police were unable to find any clue to the identity of this burglar who has become a veritable pest in the neighborhood.

TRUSTEES MAKE CHANGE IN PROPERTY FIGURES.

Going Over Assessment Rolls in Effort to Distribute Taxation More Evenly—Move Made Necessary by Recent Rapid Growth of Municipality—Finds Wealth in Hay.

POMONA, Aug. 12.—The Trustees are completing their work of going over the assessment rolls and as a result there has been an increase in valuation of all property fronting on Gary avenue from First to Seventh street.

Owing to the rapid growth of the city in the past few years there has been an entire change of property valuations over the city. This season the Trustees have gone carefully over the assessment book with a view of equitably distributing the taxation.

MONEY IN HAY.

Robert Steele has returned from a deer hunt in the Tehachapi Mountains. He cut about 1200 tons of hay on his leased land southwest of here this year and has sold \$60 tons for \$14 per ton. He is saving the balance of his crop.

Miss Phoenix, May, who will leave for Europe and will return to war in Germany with Prof. A. D. Bissell and family of Pomona College. Miss Curry is now visiting in New England and will leave next week for New York.

REMEMBRANCE.

C. W. Guerin, who for the past three years has been superintendent of the Methodist, South, Sunday-school, has been given a handsome study chair by the members of the Sunday-school.

SELLERS ORCHARD.

J. A. Kennedy has sold to A. H. Schrodter through the agency of O. W. Afferbaugh a ten-acre naval and Valencia orange grove on Holt avenue between here and Ontario.

FOR PIER DEDICATION.

SANTA MONICA's Mayor Appoints Entertainment Committee—Fine Hotel May Be Built.

SANTA MONICA, Aug. 12.—Mayor Dudley today appointed the following: Reception and Entertainment Committee to act on the occasion of the dedication of the new municipal pier on Admission Day: Roy Jones, chairman; C. B. Irvine, secretary; Judge George H. Hutton; J. B. Roby, A. Nebeker, Carl F. Schader, C. A. Stinson, C. X. Oots, Frank B. Biddle, A. P. Webster, Dr. P. Lindsey, P. H. Smith, W. S. Sawyer, J. D. Blanchard, C. D. Midkiff and W. H. Atwill. The committee will meet Friday morning for the purpose of investigating the best place to plan for the entertainment of the officers of the naval and marine corps, the plan of the wharves and other prominent visitors.

The Council is advertising to sell the condominiums in the new building for a period of not more than three years will be given, but it is to be stipulated that the selling or giving away of liquor will not be permitted. All boat landings are to be reserved for the use of the city and no foreign boats are to interfere with pleasure boating.

SO. CALIF. ENGLISHMAN.

At the home of Col. and Mrs. George L. Brown of No. 107 Ocean avenue, tomorrow morning, their daughter, Miss Helen, will be married to Percival Jordan of London, Eng. The two men who drove away in the machine, and were trying to offer assistance, are Kendall's chauffeur, Bert Greeley, and his brother, Lewis. Bert reported to the police, early yesterday morning. Kendall will pay for the repair of the carriage.

"I could not have been compelled to do so by fairness at the last one, for I never could lend myself to such a letter as the one sent to Mayor Earley, today," said Kornegher.

COLLISION AT LONG BEACH.

AUTOIST'S SPEED MAY COST WOMAN'S LIFE.

LONG BEACH, Aug. 18.—A "speed fiend" tonight wrecked a buggy and injured two women, one of them perhaps fatally. The accident happened at 9 o'clock on East Ocean avenue.

Mr. and Mrs. E. T. Bartee and Mrs. Bruce, the mother of Mrs. Bartee, were driving along the thoroughfare when an auto, going at about 40 miles an hour, dashed into the vehicle from the rear. The shock threw the occupants out of the surrey, which was dragged 100 yards and completely demolished. The driver of the automobile did not stop and has not been located by the police. The number of the machine is 1253.

Mr. Bartee escaped with bruises. Mrs. Bartee sustained a broken arm. Mrs. Bruce is injured internally, and as she is an old lady, the doctors fear that she may not recover.

LONG BEACH.

WOMEN CONTROL FOR ONE DAY.

CHRISTIAN ASSEMBLY SESSION IN THEIR HANDS.

Fifteen Mission Societies Organized in Year—Glendale Circle at Head of Honor Roll—Contractors' Bondsmen May Be Sued by City. Woman Loses Well-Filled Purse.

LONG BEACH, Aug. 18.—Women were in control of the Christian Assembly today, the programme being devoted to the Christian Women's Board of Missions, with Mrs. Reba Smith of Whittier presiding. During the year fifteen societies have been organized, making a total of sixty-five in the district, which is a member of the First National Block. The Glendale circle stands at the head of the roll of honor, with the largest contribution for the work. During the year contributions have been \$10,882.15.

The following committee chairmen were appointed: Nominations, Mrs. G. M. Anderson, Riverside; special work, Miss Anna Cason, Pomona; members and tithings, Mrs. N. J. Ferguson, Los Angeles; auditing, Mrs. C. H. Griffin, Los Angeles; literature, Mrs. J. M. Madson, Los Angeles.

Tonight Dr. Tyre lectured on "Woman's Place in the World's Evangelism." Tomorrow evening the annual banquet will be held and the annual concert will be given in the auditorium, under the leadership of Dr. C. E. Mitchell.

DECISION REVERSED.

Attorney Roland Swafford received, this morning, the decision of the Supreme Court in the case of the Superior Court in the case of Charles Lange vs. W. P. Watters. The court was to recover damages for breach of contract. Lange had paid \$100 on the contract and tendered the balance in ninety days but was refused. He brought suit for the entire amount, but the Superior Court awarded him only the \$100 actually paid, holding that the description of the property made its uncertain and plain could not form a valid contract.

The court held that an error in description would not make the original grant void and would therefore stand.

REBONDO BEACH.

The report of the Board of Equalization has been filed. Only two cases were brought before the board. The 4.72 miles of side track and switches of the Santa Fe, which were valued at \$23,220 by the Assessor, were reduced to \$19,320. The rate was reduced from \$600 per mile to \$425.

The rate on the Los Angeles-Pacific Company's tracks, consisting of 544 miles, was reduced from \$12 of \$11,600 per mile. This reduced the value from \$7723 to \$6466. The rolling stock of the same company was reduced from \$7831 to \$6538. The rate on the spur and switch was reduced from \$500 to \$425 per mile, which decreased the valuation from \$1665 to \$1422. One-half interest in three moorings was canceled. The valuation of the franchise on Pacific Avenue was reduced from \$3500 to \$2500.

Rev. Dr. Robert J. Burdette is improving slowly.

SOUTH PASADENA.

SOUTH PASADENA, Aug. 18.—That ever recurring topic, the annexation of this city to some other, is again to be up again. The movement to move the city to the west has been started by the citizens in the city, including a director for \$1700 a month—the band to be under control of the city and play when the director desires.

Dr. F. B. Ives today brought suit against Morris H. Wilson of Pomona to enforce payment of \$1000 money claimed to be due on a land deal.

Tomorrow evening the Clerical Club of Pasadena will hold a meeting at Hotel Virginia in honor of Dr. Adams Smith, who is spending a short time on the Pacific Coast.
